

Wilson Focus School Enrichment Courses - Session #1

September 13, 2022 through November 10, 2022

Class	Class Description ***Classes offered to ALL grades unless noted under "Class" column.
Art Club	Students will create art projects using different artistic items and tools.
Be a Kid Hero – Dream Builders	Hands on learning of applied Science (STEAM) DIY (Do it Yourself) making creative take home projects.
Big 5 Theater Workshop	Enjoy theater and practice the Big 5 of dance: acting, singing, creative writing, visual arts, and enjoy performing.
Board Game Pioneers	Participate and learn friendly board games. Experiment with games you don't see every day! Learn and teach others!
Cheerleading	Students will learn chants and cheers that will support their team.
Code.org	Students will engage in more complex coding and learn about nested loops, functions, and conditionals. By the end of the course, students will combine these concepts to solve challenging puzzles. The course ends with an open-ended project where students create a game or drawing.
Cooking Club	Students will cook simple foods and be able to taste their creations.
Craft Corner	Make and take small fun crafts (friendship bracelets, loom bracelets, fun shaped crayons, diamond art, and more).
Da Vinci's Workshop	Explore the intersection of art, science, and mathematics through a series of fun hands-on activities inspired by Renaissance polymath Leonardo da Vinci. Students will build gliders, parachutes, mosaics, make music, and more while learning to think and view the world through the eyes of a Renaissance genius.
Duo Lingo	Students will use a fun and engaging computer program to learn different languages.
Escape Rooms	Do you enjoy puzzles and helping your friends solve problems? Come practice your leadership skills and test your problem solving in this escape room enrichment! We will solve puzzles and try to escape before the bell rings!
Fun with Math	Students will enjoy exercising their Math muscles with a variety of Math games (cards, dice, iPad).
Garden Club	Get your hands dirty will learning about gardening and Native Nebraska plants! Grow in your gardening knowledge and get a chance to watch your plants grow right before your eyes!
Girl Scouts	Girl Scouts prepares girls to empower themselves and promotes compassion, courage, confidence, character, leadership, entrepreneurship, and active citizenship through fun activities involving camping, community service, learning first aid, and earning badges by acquiring practical skills.
GoNoodle	Movement Matters! Students will do brain breaks and move and groove with GoNoodle.
Henry Doorly Zoo Club	Students will participate in an animal conservation-themed class designed to foster a love of animals and awareness of the natural world in a fun, hands-on semi-formal classroom environment. Zoo staff will bring science experiments, activities, art projects, and zoo artifacts to teach about animal types, habitats, and the interconnectivity of all plants and animals in our world. Live animals will visit, including insects, arachnids, reptiles, amphibians, and MORE!
Hip Hop Dance	Rose Theater staff will teach a variety of freestyle movements to hip hop music and give you happy feet!
Intro to Robotics	Students will use leadership skills and technology to build and program simple robots and erector sets. Pre-requisite for Robotics Competition.
Leadership Academy (3rd GRADE ONLY)	What does it mean to be a leader? All 3 rd graders will participate in fun activities that teach leadership skills. Tuesday-Beyer/Wednesday-McGee/Thursday-Wolff
Lego STEM Builders	Practice leadership and teamwork building creative structures using Science, Technology, Engineering and Math.
Minecraft Club for Girls (GIRLS ONLY)	All Minecraft experience levels are welcome! Would you like to build in a supportive, calm environment? In this Minecraft Club, we'll build as a team. Collaborate, communicate, and create using weekly challenges.
Minecraft Coding Club (3rd&4th GRADE ONLY-Tuesday) (5th&6th GRADE ONLY-Thursday)	Tuesday - Do you want to take your Minecraft skills to the next level? Put your agent to work for you with coding, hacks, and commands. Note that the focus is on coding, and not free play. Be prepared to have FUN while you learn!
Needlepoint	Students will use yarn and needles to create small projects using needlepoint tools. (ALL GRADES)
No Place for Hate Team	The No Place for Hate team will work together to help our school create a more equitable and inclusive climate through various team and schoolwide activities. Spread kindness like confetti at Wilson Focus School.
Origami	Students will learn the ancient Japanese art of Origami and create unique shapes and designs.
Playground Pals	Students will enjoy the fresh air, exercise and socialize with friends on the amazing playground equipment.
Relaxing Reading	Students will relax and read independently or with a buddy. Bring a book or choose from the classroom book library.
Robotics Team (Yearlong Class) (4th – 5th – 6th ONLY)	Prerequisite is Intro to Robotics or previous Robotics experience. Students build and program radio-controlled robots and use them to compete in area competitions. Parents must be able to transport child to competitions.
Sign Language	Learn fundamentals of sign language including the alphabet and hand signs for words and/or phrases.
Soccer (T/W Boys & TH-Girls)	Students will learn game rules and play soccer. (Tuesday/Thursday – BOYS and Wednesday – GIRLS)
Taekwando	Students will learn the skill and discipline of martial arts originating from Korea.
Tech Time	Students will participate in Kahoot, Quizziz, Gimkit and other online games.
Walking Club	Enjoy walking with classmates while counting steps, getting exercise and enjoying the outdoors!
Yearbook Club - (6th ONLY)	Students will learn to design, capture photography, and create a well-organized school yearbook.
Zen Doodling	Students will practice mindfulness and focus while coloring or drawing and listening to relaxing music.
